

# Descaler "Plus"<sup>™</sup>

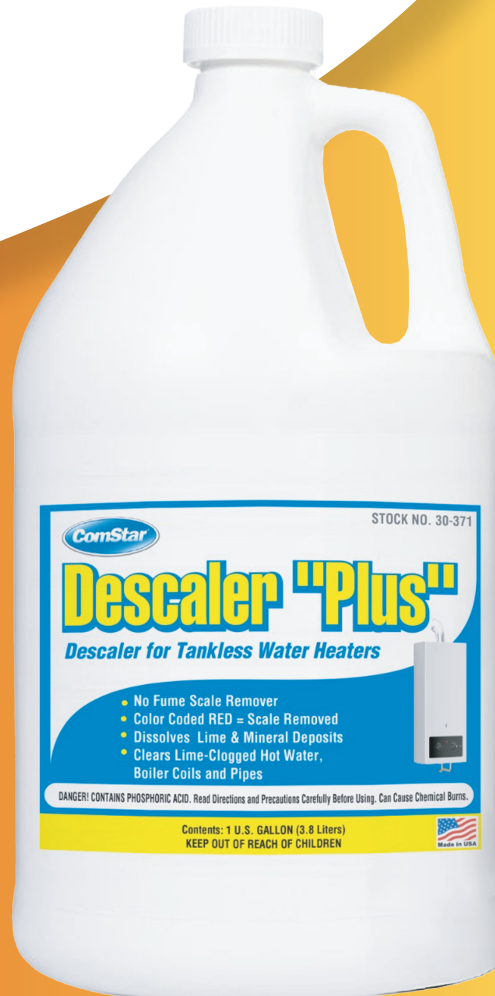

## No Fume Tank Less Water Descaler

**Descaler Plus** is specially formulated to descale tankless water heaters. Odorless and color coded for easy-to-see dosage. Cleans system for the best heat transfer, saves energy. ComStar's Descaler "Plus" is a powerful, industrial-strength cleaning solution, specially formulated to remove lime, scale and mineral build-up from all non-porous surfaces, such as copper, brass, steel, glass, ceramic and plastic. Descaler Plus contains a red color indicator that shows when all scale has been removed. A yellow or orange color indicates scale is present. A RED color indicates the scale is GONE.

- **Compatible with all tank-less water heater components**
- **Clears lime-clogged hot water, boiler coils & pipes**
- **No fume scale remover**
- **COLOR CODED RED = scale removed**
- **Concentrated formula**
- **Biodegradable**
