Paint & Graffiti Strip

Paint & Graffiti Strip is an environmentally safe and very effective paint stripper. It removes the hardest and most durable paints and markers in minutes.

Paint & Graffiti Strip works best when parts are dipped into the solution. The longer **Paint & Graffiti Strip** is left on, the easier the paint melts off. Can be diluted with water, if desired. For graffiti apply liberally and allow to remain in contact for several minutes. The longer the better.

DIRECTIONS:

1. Clean surface.
2. Apply liberally with brush or power spray.
3. Allow it to soak for several minutes.
4. When done, wash tools with clean water
5. For best results, dip parts into Paint Remover and leave until paint loosens.

CONTENTS: 1 Methyl-2-Pryolidone (CAS#872-50-4), Surfactant Package
