# Monkey Wrench™

## Industrial Penetrant Plus Silicone Coating

*Monkey Wrench is better than traditional penetrating lubricants because it waterproofs, cleans and locks in a long-lasting lubricant and leaves a rust preventive coating. Monkey Wrench will quickly displace moisture while it breaks down rust.*

- *Frees rusted bolts, studs and nuts, quickly*
- *Displaces water, protects metal, locks in lubricant, breaks down rust*
- *Used by the airline, automotive, truck and industrial maintenance industries*
- *Banana scented*

**Stock No. 45-120**  
*Available as a 14 oz.  
aerosol spray can*
